

INDEFINITE LAYOFF REQUIREMENTS for GM ORION ASSEMBLY

- 1. REGISTER FOR WORK** - After being laid off November 25, 2009, you must register for work at any Michigan Works office. You must do this before you make your first MARVIN call. It is strongly suggested that you register before December 10, 2009. (*See attached for Michigan Works locations*).
- 2. CLAIM HOLIDAY PAY** – We *will* be receiving Christmas holiday pay! For the week ending 12/26/09 we **must** claim two (2) days of holiday pay (see attached sheets for information on the amount to claim). For the weeks ending 1/2/10 and 1/9/10 we will waive the first week (ending 1/2/10) due to those holiday pay earnings. However, please be sure to claim the second week ending 1/9/10.
NOTE: Since you will be claiming 2 days of holiday pay for Dec. 24 & 25, this will result in a reduction in your unemployment benefits for that week. However, you MUST claim these earnings so that you can receive sub-benefits.

If you have any questions regarding this unemployment period call Denver Marrs at (248) 377-2520 **BEFORE** you make your MARVIN call.

- 3. FILE NEW CLAIM** – Most unemployment claims will end January 2, 2010. You are responsible for filing your own claim! This can be done at **1-866-500-0017** or (if you have an online account) you can file online at www.michigan.gov/uia. This must be filed the first week after your claim expires.
